

FOUND HIM GUILTY

Jury Decides that H. Max is a Transient Merchant.

The trial of H. Max, charged with violating the transient merchant statutes was concluded late Thursday evening and went to the jury about 5:30. After deliberating about an hour the jury reached a verdict of guilty and fined the defendant \$50 to which will be added costs. The trial lasted all day and this was the second time the case was tried before Mayor Kyte, the jury having disagreed the first time. Prosecutor Swails had charge of the case for the state and Lawyer Lynch, of Cincinnati, appeared for the defendant. The trial drew a large crowd.

H. Max, is the man in charge of the stock of goods put on sale in the Brethauer building several days ago. A ten days sale was announced and the sale was begun. Two or three days later Mr. Max was arrested. It was alleged that he was a transient merchant and as such was required under a law enacted in 1901 to secure a license from the county auditor and to pay ten dollars a day for same. The law prescribes a minimum penalty of \$50 for failure to comply with the law. When put on trial the defendant claimed that he was not a transient merchant but the state succeeded in convincing the jury that he was and therefore had subjected himself to the penalty the law imposes. Some two or three witnesses testified that the defendant had told them that he would be here only a short time.

The defendant has given notice that he will take an appeal to the circuit court and he has ten days in which to do this. If the appeal is taken the case will not likely come up for trial before Judge Shea before next term of court.

Circuit Court.

The circuit court seems not to be crowded with business again this term and another adjournment was taken Wednesday till next Monday. There will be but two more weeks of the present term and it is supposed that the negro who assaulted Mrs. Harold Dannettell at Farmington recently will be arraigned before the close of the term. While Mrs. Dannettell has by no means recovered it is hoped that she will be able attend the trial and testify against her assailant. When the negro is taken from the Marion county jail the officers will use every precaution to protect him as they did at the time of his capture. The friends of Sheriff Richards continue to use their influence toward controlling the intense feeling that exists against the negro. They mention the fact that if a mob should succeed in getting possession of the prisoner Sheriff Richards would not only lose his official head but would be liable for prosecution by the relatives and friends of the negro. The indications are that no attempt will be made to prevent the law taking its course. The exact time for the trial has not yet been fixed.

Mrs. Howard Improving.

According to the last report received here Mrs. Frank Howard, of Indianapolis, who underwent a serious operation a week ago today, is getting along nicely and recovery is expected. Mrs. Howard is the mother of Mrs. Thomas Ross, of this city and formerly resided in Seymour. In the operation it was found necessary to remove portions of the dead bones of the skull. She has been ailing for nine months and at times her condition has been quite serious. Mrs. Howard was struck on the side of the head several years ago and the injury at that time is supposed to have led to her present trouble.

New Judicial Bill.

A bill proposed for passage by the next legislature places the counties of the state in judicial circuits, each county a separate circuit, and four terms of six weeks each to be held in each county during the year. Judges shall serve but one county, shall be paid \$3,500 and traveling expenses each year, shall serve for six years and be ineligible to reelection or appointment. The bill also proposes a salary of \$1,000 a year for the prosecuting attorney. The people of Indiana will be against any such bill. There are few overworked judges in Indiana. The fact is most of them could do twice as much as they do now.

Caboose Derailed.

The caboose and one car of the water train were derailed on the branch Thursday afternoon by running into a bunch of cattle. The caboose rolled off down the bank but none of the train crew were injured. The train was in charge of Conductor Ford Cox. The wrecking crew was called out from Seymour to put the cars back on the track. All the trains on the branch were delayed for several hours.

Farmer and His Employe Killed. Michigan City, Ind., Dec. 18.—George Reinforth, a farmer of Springfield township, six miles east of the city, and Alex Dietz, in Reinforth's employ, were killed on the Eastport line of the city railway system of the Northern Indiana Railway company. When the car was brought to a standstill the dead bodies of both men were found wedged under the fender.

Christmas Buying.

Tomorrow, Saturday, will be one of the best business days of the holiday season in Seymour. The merchants who have been liberal in advertising have done much to bring the trade here from over the county and from all the adjoining counties. Their advertising will be recognized by the buyers and as a result they will receive a liberal share of the patronage. Many persons who have been studying the Christmas advertisements have already made up their mind where they are going to make many of their purchases. A walk up and down our streets will convince anyone that our merchants are well supplied with goods of every variety for the holiday trade. Traveling men and others who have happened in the city recently have been attracted by the beauty and artistic arrangement of show windows and the excellent quality of the goods displayed and have purchased many of their Christmas presents here to send home to friends. It will be interesting tomorrow to see the loads of holiday goods that will be sold to out-of-town shoppers.

Most everybody about Seymour has money and they are going to buy Christmas goods. If you have not been telling the people through the columns of the REPUBLICAN what you have in store for them, call us up and we will be glad to stop at your store tomorrow and as often as you wish for any suggestions you have to make to the people.

Teachers Beware.

County school teachers are warned to be on guard relative to a couple of smooth grafters who are working with a proposition to give the teacher a membership in a reading club and furnish them with ten books and a course of study. The expense is \$12.20 and notes are taken which are turned over to a local banker at a discount and the books fail to put in appearance. In one Iowa county 200 teachers were caught in the swindle.

Funeral.

Some of the friends from here went to Honeytown today to attend the funeral of Mrs. William Robertson, which occurred there at one o'clock this afternoon. Elder G. M. Out of School.

Every day children are seen on the streets of this city who should be in school. In fact the law makes it obligatory on the part of the parents to see that they do go. Why they are out of school we do not know but the truant officer should investigate. It is for the good of the children that the compulsory school law was enacted. The school is the place for children. The education they get while running about the streets does them no good.

According to a message received here today fireman J. O. Sutton, of the Big Four Railway, who was seriously injured in an accident on the B. & O. S. W. Louisville branch on Wednesday, will be sent home tonight on No. 3 if they can get him ready in time. Otherwise he will come tomorrow morning on No. 7. But few particulars have yet been received here about the accident, but one report stated that he was thrown from the tender of his train. He has been in the University hospital at Louisville since the accident. A number of short messages have been received here about the occurrence but in none of them have any particulars of the accident or of Mr. Sutton's injuries been given.

Looking to Jackson.

The new congressman from the Second district is W. A. Cullop, of Vincennes, and he is a democrat. He wants another democratic county added to his district and he looks with favor on Jackson. But Jackson county has been switched around about enough and does not care to be joined on to a district that extends to the Illinois state line just to accommodate a democratic congressman.

Telephone Talk.

The Old Company by a juggling of figures which ignores Seymour connections all together, exaggerates their own outside connections, and misrepresents the New Company's outside connections, close their article with the statement they have about five phones in the county to the New Company's one. Whereas the facts are the New Company can probably match all other systems in the county, phone for phone. A comparison of the latest directories of the two companies show the New Company has connected three farmers phones direct through farmers switch boards in three months, to the Old Company's one in all previous time. Bear in mind the New Company has had no solicitor in the field. While the Old Company has kept an expert telephone man constantly at work. It is true most of the New Company's farmer patrons were formerly connected directly or indirectly with the Old Company and came to us in a body without solicitation and this fact of its self speaks volumes.

We wish to keep before the people the fact, that the New Company's franchise, makes it possible for the first time, for every farmer in Jackson county to have telephone connection with Seymour on demand at a low fixed uniform rate, that the farmers appreciate these conditions is evidenced by their very liberal patronage. Besides making it possible for farmers to get connection with Seymour on demand the New Company will save its patrons in Seymour about \$1800 first year. Keep in mind the fact, that through the New Company only can you get all the merchants and doctors of Seymour.

FRIDAY, DECEMBER 15, 1908.

DO NOT overlook any page of the REPUBLICAN today. News on every-one of the eight pages.

JUST where the differences between President Roosevelt and congress will end no one can tell. The present situation points to a very lively time at Washington until the end of the present administration. Look for a hot message most any day.

It was pretty well settled when Thos. Taggart and John W. Kern had their conference a month ago that Kern would be elected senator. Immediately after that conference Taggart announced that he would not be a candidate and then most of the Taggart cohorts got busy for Kern.

It seems to be the general belief now that Representative Thos. M. Honan of this city will be the next speaker of the Indiana House of Representatives. Since the speaker will be a democrat the REPUBLICAN will be pleased to see Mr. Honan carry off the honor. He has had sufficient experience as a legislator to make him familiar with the duties and responsibilities of the office and besides he has the ability to make a capable speaker.

A GOOD roads bureau has been organized at Indianapolis the purpose of which is to start a campaign of education that will result in better road building throughout Indiana. The object is a worthy one and will be supported by a host of men throughout the state. Thousands and thousands of dollars are actually wasted on the public roads of Indiana every year because our road building and road repairing system is so faulty. Every farmer especially knows this to be true. Our roads could be better and would be better if all the money spent on them were wisely spent. Take Jackson county as an example. Our gravel roads cost the taxpayers a big sum of money and each year the cost for repairing them is enormous. The expense for repairs in Jackson county is away above the average in the state. Yet these roads are rapidly wearing out. What is the trouble? Was the fault in the building of the roads, or have they been abused and neglected since? They cost enough money originally and every taxpayer knows that the cost of repairing is more than it should be. The fact is that a lot of county commissioners and road superintendents over Indiana need to be informed on matters pertaining to road building. They do not understand the practical and economical methods that should be applied. It may be that this newly organized bureau for good roads will be the agency that will start a campaign of education which will result in better road building in Indiana.

Two Topics of Present Importance.

Two of the most important topics of present conversation are, who will be our next president, and Root Juice but Root Juice seems to have the advantage, and why not? Personal health is and should be one of the greatest considerations of life, and as so many local people are praising the new remedy. Root Juice it is not surprising that so many of the afflicted people of this county are so eager to talk about it and get all of the information they can in relation to the many remarkable cures it has made and is making. It invariably proves a great and agreeable surprise to weak nervous, dyspeptic, constipated people for after using it for a short while the soothing, healing and tonic properties of the wonderful remedy removes irritated and sore conditions from the linings of the stomach, bowels and bladder, heals and strengthens the liver and kidneys to health action, resulting in a good appetite, food well digested, bowels regular good rich blood, free from rheumatic poison and it soon nourishes and it soon nourishes and strengthens the whole nervous system. The people at the drug store are proud of the wonderful merits of Root Juice, and gladly tell all interested of much of the great good it is doing here. For sale at W. F. Peters drug store.

Stock At Large.

Some complaints have come to the REPUBLICAN office recently of horses and cattle running at large in the city. The frequency with which this has occurred leads some to believe that sometimes the stock has been turned out on purpose as a means of economizing on the feed bill. At any rate these cases have become too frequent in different parts of the city and something should be done to relieve those who have been imposed upon.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use **Dr. Pierce's Golden Medical Discovery**. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

GARY LOSES ITS PESTHOUSE

Widow in Possession and the Council Will Consider Situation.

Gary, Ind., Dec. 18.—A special meeting of the council of Gary will be held next week to decide whether or not the town has a pesthouse, and if it has one, just what can be done to get possession of it.

For twelve months the building used for housing persons afflicted with contagious diseases stood on the bank of the Calumet river, south of the steel company's plant. Now it is nearly two miles to the south and resting on land owned by Mrs. Scrompski, a widow. Not only that, but Mrs. Scrompski is living in the building, and claims to be the real owner.

Her friends advise her that the town cannot force her to give up the institution, although they do not see just what need she has for a pesthouse. Her neighbors threaten her with social ostracism, as they cannot call on her without shuddering at the thought of carrying away a few smallpox germs, or a case of scarlet fever. Mrs. Scrompski replies that she bought the pesthouse for \$25, and that it was thoroughly fumigated before she set up her home in it. More than that, it has been months since the place sheltered a patient.

The pesthouse disappeared last Friday or Saturday, but its loss was not discovered until Monday, and it was not until yesterday that the town officials found it on Mrs. Scrompski's land. Two men had taken the building apart, loaded it on a wagon, carried it to the woman, and sold it to her for \$25. The beds, stoves, blankets, kitchen utensils, etc., they sold over the surrounding country. Peter Gardner and Frank Cook, now in the jail at Crown Point, on a charge of grand larceny, have been identified as the ones who sold part of the stolen stuff, and they are suspected of having stolen the building, which was a portable structure, forty by twenty feet in size.

Blamed the Adding Machine.

Oklahoma City, Okla., Dec. 18.—C. M. Buckles, cashier of the First State bank of Oklahoma City, was found guilty by a jury at El Paso of embezzling \$1,872 while he was treasurer of Canadian county three years. He was sentenced to serve a year in the penitentiary and to pay a fine of \$3,485. Buckles's defense was based upon the claim of faulty work by an adding machine used in the treasurer's office.

Sent Scurrilous Card to President.

Hartford, Conn., Dec. 18.—Arthur Jenkins of the United States navy, who was arrested by the federal authorities on a charge of sending a scurrilous postcard to President Roosevelt, has been ordered returned to the receiving ship Hancock at Norfolk, Va., for observation as to his mental condition.

REPUBLICANS MAKE SAFE

Senate Democrats to Be Shackled by New Rules.

Indianapolis, Dec. 18.—The committee consisting of Senators Linton A. Cox, George Forkner and Ralph Kane appointed by the Republicans to revise the rules of the senate so that they can control all legislation, met here today to complete its work. It has been in session two or three times and shaped up the rules so that Lieutenant Governor-elect Hall and the Democrats will not have a "look-in" on anything the Republicans want. One of the proposed changes takes from the lieutenant governor all authority to appoint standing committees, and another provides that a majority of all of the votes of the senate will be required to handle most matters—at least matters that are of importance to the Republicans. This change will make it unnecessary for the Republicans to stand guard throughout the session to prevent the Democrats from putting through anything when they should happen to have a majority of those present. Senator Linton A. Cox, chairman of the committee, has found that the lieutenant governor of the state is entitled, by right of his office, to preside over the senate, cast a vote in case of a tie and vote and debate when the senate has resolved itself into a committee as a whole. The Republicans, it is said, will allow Lieutenant Governor Frank J. Hall to appoint his pages. The Republicans expect to change the rules of the senate so that power may be delegated to the senate "as a whole," instead of a majority "of all the senators present." This will prevent the Democrats, it is said, from taking advantage of the absence of two or three Republican senators.

Township trustees will ask the legislature to raise their pay. Attorney General Bingham aroused great enthusiasm at the state meeting of the trustees by declaring that no man qualified to serve as trustee should be compelled to work for \$2 a day. The trustees expect to ask the legislature to give them more money. Bingham made one statement that caused considerable merriment. He thanked God that the day is past when men have to work for \$2 a day in Indiana. The trustees have been compelled during the last two years to deal with more cases of poverty than ever before, and they have accurate knowledge of the number of unemployed in every locality, which during the last year reached an enormous total.

National Committeeman Taggart, who came here for the meeting of the Democratic legislators, has returned to French Lick and will remain there until the legislature is convened. He is not coming here, he declared, to take any hand in the senatorial contest or the race for the speakership. His lieutenants assert that he is making good his promise to keep hands off the senatorial race and that no one can point to a single instance where he has attempted to boost or injure any candidate.

Red Cross Stamps Popular.
Indianapolis, Dec. 18.—Indiana will probably contribute \$10,000 to the Red Cross society to aid in the fight of the "white plague." That is the value of the little 1-cent Christmas stamps, 1,000,000 of which were sent to Secretary Rowland Evans, head of the Christmas stamp sale for Indiana. Eight thousand dollars worth of the stamps have been distributed over the state and Mr. Evans announced that he would probably have no trouble with the present active demand in disposing of the \$2,000 remaining.

INSTANT DEATH

B. & O. Passenger Train No. 2 Kills
Man At Washington.

Marion Burget, who was a well known man at Washington, was killed there Thursday afternoon by east-bound passenger train No. 2, which reaches this city about 3:40 p. m. The circumstances surrounding the death indicate that the death was a case of suicide. Burget, who was about thirty years of age, had been a bartender in a saloon but had been out of employment for several weeks. He had talked with his brother and also a policeman a few minutes before his death and talked to each of them of his troubles. No one, except possibly a traveling salesman, saw the man killed. Burget threw himself on the track between the tender and the mail coach and death was instantaneous. He received a severe blow on the head, his left arm was broken in two or three places, both feet were crushed, several ribs on the right side were crushed in, his left jaw was broken, the scalp torn in different places and there were numerous minor bruises. He was the son of a retired farmer, was married a year ago last August and leaves a wife and a little daughter. His body was dsagged for almost a square before the train came to a stop.

Expressman Suggests.

At this season of the year a great many people are sending out Christmas packages by express, and since so many of such packages are so poorly wrapped and go astray an experienced expressman makes the following suggestions:

- 1st. Ship packages early by Dec. 20 if possible. The company will provide you with a small label reading "Don't Open Until Christmas," if you so desire.
- 2nd. Use wooden boxes for packing and protect breakable articles. It not possible to use a box use strong cord and strong wrapping paper.
- 3rd. Write the address in full, giving State, County, City, Street and Number, on the box as tags are often lost.
- 4th. If you want to prepay charges write the word "Paid" on the package.
- 5th. Insist on a receipt and see that the amount paid is marked on receipt and package and full value declared.
- 6th. Write your own address in full on the package following the prefix, "From."
- 7th. Enclose in each box or package a card giving the addresses the same is going to and from.
- 8th. If the package contains perishable goods write the word "Perishable" in plain letters on the box.

He Had The Idea.

A Chinaman who had been robbed by a woman was trying to describe her at the police station.

"Can't you remember how she was dressed?" asked the sergeant at the desk. "What sort of a hat did she wear?"

For a moment John seemed puzzled. Then his face brightened.

"He dead—she glad," he confidently announced.

And now the police are looking for a woman with a Merry Widow hat.—Pick Me Up.

The Sheriff of Knox county passed through the city this morning on No. 4 with two prisoners en route to the Indiana Reformatory at Jeffersonville. Both were young men who had been sent up for burglary, one from one to eight years, the other from two to fourteen years.

Doctors Told This Mother That
Vinol is a Fine Remedy—Mrs.
Flagg Tells How Her Daughter
Was Restored to Health by Vinol.

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, and weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She layed in this condition for weeks, nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor said she would."—Mrs. J. W. Flagg, Portland, Me.

Vinol is a real cod liver preparation, containing in a highly concentrated form all of the body-building, strength-creating and curative elements of cod liver oil and tonic iron added. It is delicious to take and children love it.

Every mother who has a weak, delicate or ailing child, should try Vinol on our offer to return her money if it failed to give satisfaction. W. F. Peter Drug Co., Seymour, Ind.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

IT IS NOW UP TO THE PRESIDENT

House Asks For Substantiation of Insinuations.

THE "SHOW ME" RESOLUTION

The President Is Requested to Transmit to the House Any Evidence on Which He Based His Statements in Regard to the Employment of the Secret Service Which Touched the Honor of Congress—Formal Demand Made Upon Him to Justify Such Statements.

Washington, Dec. 18.—The house of representatives by unanimous vote adopted a resolution requesting the president to supply it with any evidence that may be in his possession that will justify the statement in his last annual message in relation to the attitude of members of congress toward appropriations for the secret service of the government.

Mr. Perkins, chairman of the special committee charged to investigate the allegations made in the president's message, and John Sharp Williams of Mississippi, both stated on the floor that it was the desire of the special committee to be just toward the president in allowing him to submit any evidence he may have, and both declared that the committee would give it full and impartial consideration. Mr. Perkins said the committee would continue in session during the Christmas holidays so that it might receive such evidence from the president promptly and proceed to consider it.

Both the resolution and all of the preamble except that part of the latter interpreting the meaning of the president's message in relation to the secret service, were adopted unanimously by a viva voce vote. Mr. Bennett of New York demanded a division on the preamble provision stating the committee's interpretation of the president's strictures upon congress, but before the division was entered upon, endeavored to withdraw his motion. Mr. Williams insisted that this could not be done, and the vote being taken, 270 members voted aye and 14 no on this part of the preamble.

Formal Demand of the House.

The following is the full text of the resolution:

"Whereas, There was contained in the sundry civil appropriation bill which passed congress at its last session and became a law, a provision in reference to the employment of the secret service in the treasury department, and

"Whereas, in the last annual message of the president of the United States to the two houses of congress it was stated in reference to that provision: 'It is not too much to say that this amendment has been of benefit only and could be of benefit only, to the criminal classes,' and it was further stated 'the chief argument in favor of the provision was that the congressmen did not themselves wish to be investigated by secret service men,' and it was further stated 'but if this is not considered desirable a special exception could be made in the law, prohibiting the use of the secret service force in investigating members of congress. It would be far better to do this than to do what actually was done, and strive to prevent or at least to hamper effective action against criminals by the executive branch of the government'; and

"Whereas, the plain meaning of the above words is that the majority of the congressmen were in fear of being investigated by secret service men and that congress as a whole was actuated by that motive in enacting the provision in question; and

"Whereas, your committee appointed to consider these statements of the president and report to the house cannot find in the hearings before committees nor in the records of the house or senate any justification of this impeachment of the honor and integrity of the congress; and,

"Whereas, your committee would prefer in order to make an intelligent and comprehensive report, just to the president as well as to the congress, to have all the information which the president may have to communicate, therefore be it

"Resolved, That the president be requested to transmit to the house any evidence on which he based his statements that the 'chief argument in favor of the provision was that the congressmen did not themselves wish to be investigated by secret service men,' and also to transmit to the house any evidence connecting any member of the house of representatives of the Sixtieth congress with corrupt action in his official capacity, and to inform the house whether he has instituted proceedings for the punishment of any such individual by the courts, or has reported any such alleged delinquencies to the house of representatives."

The remainder of the day was given over to the consideration of bills or the private calendar, a large number of which were passed.

The postal savings bank bill was before the senate for over an hour. The

senate listened, also, to the reading of a message from the president recommending a change in the form of government of the District of Columbia by which a single executive head would take the place of the board of three commissioners who now jointly act as a governing board. A great many of the senators have left Washington to spend the holidays at their homes, as congress will adjourn from Saturday next until Jan. 4.

No action has been taken by the senate committee on appropriations to carry out the instructions of the senate, that the message of President Roosevelt relative to the secret service be investigated. The whole matter will go over until after the holidays, and then a meeting will be called by Senator Hale for the purpose of naming a sub-committee. It is understood that Senator Hemenway of Indiana will be appointed chairman of the investigating committee.

Had a Close Call.

Mrs. Ada L. Croom, the widely known proprietor of the Croom Hotel, Vaughn Miss., says: "For several months I suffered with a severe cough and consumption seemed to have its grip on me, when a friend recommended Dr. Kings New Discovery. I began taking it, and three bottles affected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at W. F. Peters drug store, 50c. and \$1.00. Trial bottle free.

Night Rider Trial in Progress.

Union City, Tenn., Dec. 18.—The taking of testimony in the night rider cases commenced today. When the crowd which was gathered outside the courthouse, mostly made up of talems, heard that the jury had been chosen, a loud cheer was heard, which was quickly suppressed by the officers.

INSTANT RELIEF OF ITCHING HUMOR

Limbs Below the Knees Were Raw—Feet Too Swollen to Get Shoes On—Sleep Completely Broken by Intense Itching and Burning—Well in Two Days and Says That

CUTICURA IS AMONG HIS HOUSEHOLD GODS

"God bless the man who first compounded Cuticura. Some two months ago I had a humor break out on my limbs below my knees. They came to look like raw beefsteak all over, and no one knows how they itched and burned. They were so swollen that I had to split my drawers open to get them on and could not get my shoes on for a week or more. I used five or six different remedies and got no help, only when applying them the burning was worse and the itching less. One morning I remembered that I had a bit of Cuticura and tried it. From the moment it touched me the itching was gone and I have not felt a bit of it since. The swelling went down and in two days I had my shoes on and was about as usual. I only wish I had used the Cuticura Remedies in the first of my troubles. They would have saved me two or three weeks of intense suffering. During that time I did not sleep an hour at a time, but was up applying such remedies as I had. Henceforth the Cuticura Remedies will be among my household gods, rest assured. George B. Farley, 50 South State St., Concord, N. H., May 14, 1907."

FOR BABY RASHES Eczemas and Irritations, Cuticura Is Worth Its Weight in Gold.

DIPLOMATS ARE ALL IN A FLURRY

Rumors of War In Venezuela Cause Much Speculation.

OUR GOVERNMENT INTERESTED

Should Events Result in Castro's Overthrow, the State Department Would Lose No Time in Resuming Diplomatic Interchange With the New Administration With a View to Getting Action on Those Unsettled Claims—That Venezuela Is in a "State of Defense" Against Holland Is Now Taken as a Fact.

Washington, Dec. 18.—Something of a flurry has been caused in diplomatic circles over the report which has generally obtained that Venezuela has declared war against Holland. These reports had their foundation in a dispatch which came to the state department by way of Bogota, transmitting a telegram from Caracas, saying that the government had declared a state of war. It was soon pointed out, however, that this announcement was based on Vice President Gomez's declaration that the country is in a state of defense because of Holland's act in seizing the coast guardship Alexia.

Officials interested in the situation profess to see no actual difference between a "state of war" and a "state of defense." A renewal of the demonstrations against the administration of President Castro will not be surprising to the state department.

While it is premature to speculate should the feeling against the president develop to the extent of an open revolution and consequent overthrow of his government, the state department, it is understood, would lose no time in resuming diplomatic intercourse with the new administration to the end that some action might be taken on the unsettled claims against Venezuela.

Castro Hasn't Heard.

Berlin, Dec. 18.—President Castro has received a number of dispatches from Caracas, but nothing confirmatory of the reports published in the newspapers here with reference to the revolutionary movement in Venezuela, which both he and the members of his suite persist in discrediting. There is no truth in the report that Germany has been asked to undertake negotiations with Holland for the purpose of bringing about a settlement of the difficulty with Venezuela.

WOMAN UNDER SUSPICION

Six Deaths in Her Family Being Investigated by Authorities.

Somerville, Mass., Dec. 18.—Pending the result of an examination as to the sanity of Mrs. Mary Kelleher of this city, now in jail at Cambridge, District Attorney Higgins has ordered an investigation into the cause of the deaths of six members of Mrs. Kelleher's family during the last three years.

The specific charge against Mrs. Kelleher is that of arson, but the police called the attention of the district attorney to reports which were in circulation as to the deaths in her family. It is said that the insurance on the lives of the deceased was paid to Mrs. Kelleher. The persons who have died were Mrs. Kelleher's husband, son, two daughters and two sisters-in-law. Mrs. Kelleher is accused of setting fire to the house of Andrew J. Lovell of Cambridge, by whom she was employed as a domestic.

Chinese Interpreter in Peril.

Chicago, Dec. 18.—Moy Dow, a Chinaman who has assisted the police of Philadelphia, New York and Boston and other large cities in clearing up mysterious murders of Chinamen, has been sentenced to death by a secret organization. Dow has turned over to the police what he claims to be evidence that the members of the Chinese society of the cities named have agreed to pay \$2,000 for his murder. As an interpreter Dow has been called upon frequently to assist federal and police authorities in prosecuting Chinamen.

Taft Goes South.

Washington, Dec. 18.—After a two-hour conference with President Roosevelt at the White House, President-elect Taft left Washington last evening for Augusta, Ga. In the party were Mrs. Taft, Horace G. Taft and Charles Taft, the president-elect's son.

Socialists Opposed Measure.

Brussels, Dec. 18.—The chamber of deputies adopted the budget of the new ministry of the colonies, including the Congo credits. The Socialists alone opposed the budget, which they declared was based on "the exploitation of negroes and forced labor."

Passenger Trains Come Together.

Peoria, Ill., Dec. 18.—An eastbound passenger train on the Big Four railroad and a westbound passenger collided head-on between Lilley and Woodruff. Engineers Webb and Thatcher were both seriously hurt. No passengers were injured.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend upon a Well Earned Reputation.

For months Seymour readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. Jesse Buckels, of 20 Jefferson Ave., Seymour, Ind., says: "I was in a very bad condition when I started using Doan's Kidney Pills. I had a dull aching across my loins which caused great pain if I attempted to stoop or lift anything. The kidneys secretions were much disordered and caused me a great deal of embarrassment. I also suffered from nervousness and dizzy spells." Statement given in 1899.

On Oct. 1906 Mrs. Buckels confirmed the above, saying: "I have never suffered the least symptom of kidney trouble since using Doan's Kidney Pills in 1899. I am very glad to give them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Two Cruisers Will Protect Him.

Washington, Dec. 18.—President-elect William H. Taft's forthcoming trip to Panama will be made with two cruisers of the navy. The start will be from Charleston on Jan. 25. The decision to have two cruisers to convey the president-elect is a precaution which has been suggested on the ground that there is no legal provision for a successor to the presidency in the event of a fatality overtaking a president-elect prior to his inauguration.

Where Bullets Flew.

David Parker of Fayette, N. Y., a veteran of the Civil war who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they kept me strong and well." 50c at W. F. Peters drug store.

Jury Gives Mrs. Roper \$1,000.

Kingston, N. Y., Dec. 18.—For her involuntary balloon ascension at the Ellenbille fair on August 29, 1906, when she was whirled aloft at an aeronautical exhibition through becoming entangled in a dangling rope, a jury in the supreme court rendered a verdict in favor of Mrs. Mary S. Roper for \$1,000. Mrs. Roper had sued the Ulster County Agricultural Society for \$25,000.

Would Mortgage the Farm.

A farmer on Rural Route 2, Empire Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured two of the worst sores I ever saw; one on my leg and one on my hand. It is worth more than its weight in gold. I would not be without it if I had to mortgage my farm to get it. Only 25c at W. F. Peters drug store."

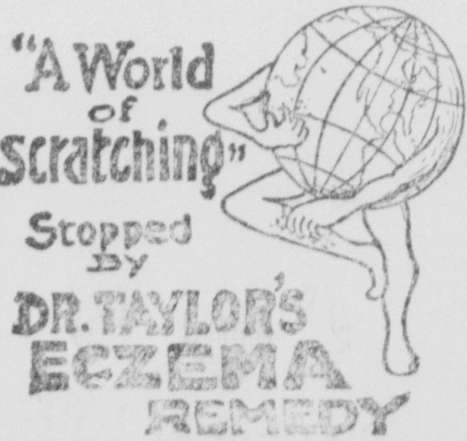

A Kentucky Lynching.

Lexington, Ky., Dec. 18.—Elmer Hill was dragged from the jail at Monticello, Wayne county, carried four miles to Greasy creek, and there hanged to a tree. After an assault Hill killed his cousin, thirteen-year-old Mary Womack, in Adair county.

A Healthy Family.

Our whole family has rejoiced in good health since we began using Dr. Kings New Life Pills, three years ago." says L. A. Barlet, of Rural Route 1, Gifford Maine. They cleanse and tone you good 25c. at W. F. Peters drug store.
